EXPERIENCE

BlueSoft Technology SAS   Bogotá D.C., Colombia (Remote)
Android Engineer   January 2023 - October 2024

- Development of Android applications for enterprise projects: Spearheaded the development of cutting-edge Android applications for enterprise projects, ensuring seamless integration with existing systems and delivering exceptional user experiences.
- End-to-end involvement in project lifecycle: Led activities of analysis, design, development, testing, and deployment of functionalapplications, ensuring high-quality deliverables and meeting project milestones.
- Optimization and maintenance of software: Collaborated with cross-functional teams to optimize and maintain previously developed software in multiple projects, ensuring smooth operations and minimizing technical disruptions.

Earth Hero   USA (Remote)
Android Developer - Volunteer   March 2023 - September 2023

- Android Development expertise: Demonstrated expert knowledge in Android Development as a volunteer developer, delivering topnotch solutions.
- Independent & collaborative work-style: Exhibited capability to work independently while still functioning collaboratively in a team environment, liaising with stakeholders and other team members to ensure project success.
- Flexibility in availability: Consistently demonstrated flexibility in availability, working across night, weekend, and holiday shifts as required to ensure project delivery and timely communication with other teams.
